

**Early Discharge  
Against Medical Advice**

---

Patient

Date

I am choosing to leave the Sleep Center prior to the completion of the Diagnostic Testing ordered by my Physician.

Enterprise Sleep & Diagnostics does not provide or administer medications. However, as do all Sleep Centers, we allow patients to “self-medicate”. If you have taken any medication that causes drowsiness, sleepiness or otherwise may impair your ability to drive yourself home – we ask that you reconsider this decision and/or call a family member or cab rather than risk traveling medicated.

**PLEASE BE AWARE SLEEP AIDS SUCH AS AMBIEN or TYLENOL PM WILL RENDER YOU UNSAFE TO OPERATE A VEHICLE.**

By signing this document you release Enterprise Sleep & Diagnostics of all liability associated with this decision.

Please be advised, if the Sleep technician performed the “hook up” prior to this decision – you will be charged at least a partial sleep study fee. If you have made this decision after midnight – you will be charged for the full sleep study.
